WEDDINGS

It is difficult to price out a wedding package without first talking with the couple. Each wedding is as unique as you are. There are so many variables to consider that it is best to talk in person. To help you determine what my charges may be you can use the following as a guideline.

For the first 4 hours the charge will be \$975.00. You will receive about 80 4x6 proofs in a traditional proof album. These albums are of high quality and the pages are acid free so your prized photos will last for many years. After the first 4 hours the charge will be \$100.00 for each additional hour. This will yield another 15 or more 4x6 proofs per hour.

Depending on the number of people in the wedding party, parents, grand parents, etc. plan on starting photo's about 2 hours prior to your ceremony time. Allow more time if you want portraits in a park or other location. The pre-ceremony session would end 30 minutes prior to the ceremony to give the bride and groom time to freshen up. There are several other variables that determine when the photography would start. A typical wedding with pre-ceremony photography, ceremony coverage and coverage during the reception can run into 8 – 10 hours. 8 hours of coverage would run about \$1,275.00 and you would receive 100 4x6 proofs.
